

**September 24, 2021**

**Agenda**

**Performance Requirements, Standards, & Verification Task Team Meeting**

Jim O'Brien ([Jim.O'Brien@duke-energy.com](mailto:Jim.O'Brien@duke-energy.com)) and  
Farnoosh Rahmatian ([frahmatian@nugridpower.com](mailto:frahmatian@nugridpower.com)), Co-leads  
Teresa Carlon ([teresa.carlon@pnnl.gov](mailto:teresa.carlon@pnnl.gov)), Support  
Email list: [naspi-taskteam-performance@lyris.pnnl.gov](mailto:naspi-taskteam-performance@lyris.pnnl.gov)

- |  |                                      |
|--|--------------------------------------|
| 1. Roll call   | All                                  |
| 2. Outstanding projects update   |                                      |
| - Survey of instrument transformers connected to installed PMUs  | Farnoosh Rahmatian/<br>Teresa Carlon |
| - Progress of three white papers   | Sajan K.S./<br>Pratim Kundu          |
| o (Sajan) Survey of Existing PMU applications Around the World and Classification ( <a href="#">link</a> to document)                        |                                      |
| o (Pratim) Analyzing Synchrophasor Performance Requirements for Synchrophasor based Control Applications ( <a href="#">link</a> to document) |                                      |
| o (Pratim) Data Quality Impacts on Synchrophasor based Control Applications ( <a href="#">Link</a> to document)                              |                                      |
| 3. Update on other activities – Standing Topics:   | All                                  |
| - PMU Standard(s)  |                                      |
| o C37.242 (Allen Goldstein)  |                                      |
| o C37.118.2 (Vasudev Gharpure)   |                                      |
| - PDC Standard(s)  |                                      |
| o Working Group C40 (Vasudev Gharpure)   |                                      |
| - IEEE PES PSRC C23 (Allen Goldstein)  |                                      |
| - IEEE ICAP/NIST (Allen Goldstein/ Ravi Subramaniam)   |                                      |
| - IEEE PE/PSCC P2664 Standard for Streaming Telemetry Transport Protocol (Ken Martin)  |                                      |
| - IEEE PES PSRC Task Force C41 Investigate Performance Requirements for Distribution PMUs – (Ken Martin)                                     |                                      |
| - DisTT Update – (Ken Martin)  |                                      |
| 4. Other topics / new business   | All                                  |

ALL – NASPI's October 5-7, 2021 Virtual Work Group meeting registration is open.  
Agenda and registration link can be found here: <https://www.naspi.org/node/896>

Next PRSVTT Conference Call

- **October 29, 2021 @ 8:00am PT / 11:00am ET**
